Europeans like us, and they don't. They like us because we have plenty of money, and they don't like us because we are showing an inclination to hang onto it.

When a stranger comes to this town he looks around. It is the natural thing to do. His opinions are formed from what he sees and hears, and from nothing else. As he finds conditions to exist, so he repeats them when he goes elsewhere and repeats them to other people. That is what makes our reputation abroad, and it is worth remembering.

Yap is a tiny island in the Pacific ocean. Not one person in a thousand ever heard of it prior to a few months ago. The allies "forgot" their word to President Wilson and handed the island over to the tender mercies of the Japanese. Now Yap is the storm center around which the statesmen of the world are sitting in apprehension of another slaughter of humanity as a result of a possible clash between our country and Japan.

AMERICAN RIGHTS GUARDED IN EGYPT

Washington, May 2.—Restriction of the extra territorial right of Americans in Egypt will be averted, it was said today at the state department, as the result of the dispatch of a note to Cairo Saturday by Secretary Hughes, according to the extension until November 1 of the activities of the mixed tribunals in that country.

Dispatches received in London yesterday from Cairo and published today in this country said the failure of the United States to name a judge for the vacancy that has existed in the courts for six months, coupled with its delay in arranging a circular relative to the extension of time deprived Americans of their legal rights other than consular in Egypt after today. It also was said that there had been a diplomatic difference between Cairo and Washington regarding the new appointment.

At the state department it was said, although the acceptance of a candidate for the post and not because of any dissatisfaction with the system. The appointment of a judge is now under consideration.

DELEGATES TO THE COTTON CONFERENCE

Washington, May 2.—At the world cotton conference in London in June, South Carolina will be represented by former Gov. R. I. Manning, who will sail on the Aquitania, and David R. Coker of Hartsville, who will sail on the Adriatic. Passports have been issued them.

POSITIVE PROOF

Should Convince the Greatest Skeptic in Manning.

Because it's the evidence of a Manning citizen.

Testimony easily investigated. The strongest endorsement of merit. The best proof. Read it:

James E. Reardon, machinist, Manning, says: "Some years ago I used Doan's Kidney Pills and found them a valuable remedy. At that time my kidneys were giving me considerable trouble. I had backaches and pains across my loins. I used Doan's Kidney Pills and they gave me prompt and lasting relief."

AFTER A LAPSE OF SEVEN YEARS, Mr. Reardon said: "You can still use the statement which I gave some time ago praising Doan's Kidney Pills. Doan's certainly are a good remedy for kidney trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Reardon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
